Graduate Council Resolution on the Formation of a Campus-Wide Program Evaluation Committee

Whereas, declining support for higher education has been observed at the national and state levels,

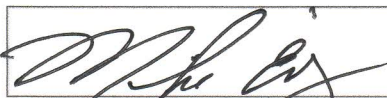

And whereas, decreases in state support may force SIUC's administration to reduce the number of programs supported by the university,

And whereas, reduction of programs would be less detrimental and more strategic if they were based on a campus-wide program evaluation,

And whereas, program evaluation would be best if conducted by a committee of SIUC faculty,

Therefore, be it resolved that the SIUC Graduate Council accept the responsibilities outlined in the Charge Memo from SIUC Interim Provost and Vice Chancellor for Academic Affairs Ford regarding the 2015-2016 review and analysis of academic programs.
